

## KWE EMEA REGION NEWS FLASH

### CORONA VIRUS

Dear Customers,

Amid growing concerns about the Coronavirus outbreak, several international airlines have opted to suspend their passenger service to and from China. The outbreak has also impacted Cargo Aircraft only operators, either via flight schedule changes and or outright cancellations.

The cancellations and flight schedule changes have been in effect from Jan 30<sup>th</sup> and will continue through to April 30<sup>th</sup>. It is important to note that not all carriers are reporting the same flight cancellations, or schedule changes.

Complying with the directive of Chinese authorities to limit the spread of the Coronavirus KWE China offices are currently closed and - except for our Wuhan office - are expected to resume operations in the week commencing 10<sup>th</sup> of February 2020. Pending further directives from the Chinese authorities.

KWE is committed to ensuring our customers receive the most up to date information. Given the fluidity of the situation KWE will be engaging on a regular basis with our carrier partners to collect and share information as soon as it becomes available.

KWE EMEA will release pertinent information as it becomes available, while being prudent not to overwhelm our clients with information that is readily available in the public domain.

For specific KWE China, carrier and or routing information please contact your local KWE EMEA Branch office for further details. As we continue to monitor the situation our branches will provide further updates as necessary.
